Skills

React

JavaScript/TypeScript

HTML

CSS/SCSS

TailwindCSS

Redux/RTK

RTK Query

React Native

Languages

Ukrainian – Native

English – Professional proficiency

Projects

Kino-expert

React, TailwindCSS, RTK, FireBase

Kino-expert is a web application designed to provide users with a seamless experience to explore and discover information about movies.

User-Blog

React, Vite, TailwindCSS, RTK, RTK Query

The app is designed to provide a platform for users to share their thoughts through blog posts and engage with other users' content through comments.

Experience

FrontEnd Developer

NerdPeople Feb. 2023 – Present

- Developed and maintained various features and modules of the application, also resolved bugs
- Collaborate with other team members, including designers and backend developers, to ensure the smooth functioning of the application
- Migrated a multi-page user experience into a new modern CMS app, improving global performance
- Introduced enhancements to improve the responsiveness and functionality of websites

iOS Developer

NerdPeople Jun. 2022 – Present

- Worked closely with PM and designers to define a rich iOS experience for the user
- Explored new technologies and shared findings with the team
- Work with other developers to develop new features consistent with the product roadmap
- Eager to get nerdy about memory management, UI layout/rendering, and UI/network performance

Education

Bachelor's degree in Computer Engineering

Uzhhorod National University, UA

Sep. 2018 – Jun. 2022
